THE DIVORCE BILLY PASSES SECOND STAGE

Given Second Reading After
Fight—Six Months' Host
Being Moved

SUPPORTERS HOLD DIVORCE SHOULD
BE MADE POSSIBLE FOR POOR
AND RICH ALIKE

OTTAWA, June 20.—A strong probability that divorce courts will be established in Canada was forthcoming in the common today, when with the approval of the House of Commons, W. F. Nickle's bill relating to divorce was given a second reading. This stage was not reached without a fight. A. J. Phipps, M.P., seconded by Mr. McLean, moved the six months' hostilities against the bill. The measure was voted down on a division of 35 to 24. The measure was subsequently considered in committee. It is expected that it will get a third reading this afternoon. The bill is a compromise between the two bills introduced by Mr. Phipps and Mr. McLean. It provides for the establishment of divorce courts in the provinces and territories, and for the appointment of judges to sit in these courts. It also provides for the appointment of a board of inquiry to investigate the cases of divorce.

During consideration of the technical amendments to the bill, the evening session, opposition members expressed the view that it might be better to give the proposed courts for technical advice as well as the law. It provides for the establishment of divorce courts in the provinces and territories, and for the appointment of judges to sit in these courts. Mr. J. A. Chaffin pointed out that an amendment regarding the bill had been arrived at with the provincial prime ministers.

To Hell With Bolshevism!

The Winnipeg Strike

A STATEMENT from the Citizens of Winnipeg to the Citizens of Edmonton.
Western Citizens asked to join in Country-wide organization to protect Canada.

During the past five weeks the whole fabric of business activity of Western Canada has been disrupted by the Winnipeg strike. This strike was originally and ostensibly called as a sympathetic measure, to force settlement of a dispute between the metal working trades in Winnipeg and three employers. Every city of Western Canada has not only suffered directly from the effects of the Winnipeg strike, but has also suffered local strikes, to greater or less degree, also called in sympathy at the request of the Central Strike Committee, Winnipeg. Because three private firms in Winnipeg could not agree with their workers, the trade of the west has been disrupted, commerce throttled, enormous loss to perishable foodstuffs occasioned, production retarded, and hundreds of thousands of people who were not interested in any way, who had no way of making either of the disputant parties do anything, have been made to suffer.

The Citizens Committee of Winnipeg feel, in the fifth week of the great strike, that it is their duty to inform the citizens of the whole West of some of the causes that underlie this disturbance, to clearly indicate the common danger ahead; to warn you of the other and even more far-reaching agitations that are plotted, and to ask all loyal citizens of our Canadian West, regardless of creed, politics, party or affiliation, to join for the mutual protection of our liberty, freedom and prosperity.

THE Citizens' Committee of Winnipeg was primarily organized to protect life and property and afford the essentials of water, food, milk and bread to the people of that city. As it became apparent that the strike was not merely a dispute between employers and employees but a deliberate attempt to raise the head of Bolshevism in Winnipeg with the ultimate object of placing this city and country under the administration of the Soviet government, the efforts of this committee were enlarged and extended to cope with the situation.

At the Calgary Labor Convention, in February, these agitators showed their hands clearly and plainly, sending greetings to the Soviet government in Russia, and declared flatly their intention of introducing Bolshevist government in Canada, and called on the workers to aid them.

Bolshevik Plot Evidence has come to that Committee which, satisfied in the belief that this and other strikes throughout Canada are being engineered by a group of anarchists and socialistic agitators for the purpose of destroying the constitutional government of Canada and introducing Bolshevist government therefor.

The Citizens' Committee of One Thousand has trustworthy evidence that even behind these strike leaders there is yet a more sinister group of secret agents, who during the war were the agents of German sedition in Canada and the United States. Apparently the strike of Winnipeg is but one of a series of similar strikes which these men hope to foment in various sections of Canada during the present summer and autumn.

Over Half Metal Workers Aliens These things being true, you will ask how it was possible for Canadian Trade Unionists to follow such leadership. You must remember that the Unions with large membership were increased several hundred per cent. in membership during the war. This increase was made up almost entirely of foreigners. It has been stated that over half of the members of the Metal Workers' Union in Winnipeg, who started the present strike are of alien nationality. These men gained the ascendancy in the Unions during the war, when so large a proportion of the loyal Canadian workmen were in France fighting their country's battles. Now that the returned soldier is coming home and looking for his job, these aliens realize that they will be divested of their present employment in favor of returned soldiers, unless through their union affiliations, they can hold a club at the head of the employers and maintain their position.

Moreover, of the 30,000 men and women in Winnipeg who were called out in this strike, over 90 per cent. had no quarrel with their employers, had no grievance and did not want to quit work. Strike votes were called peremptorily, and Union after Union was

Loyal Workmen Misled declared as voting for a strike when but a few of the members had voted at all. In our opinion, many of the Unions followed their leaders blindly and unwittingly. We have evidence that it is part of the organized effort behind these strikers that they should be incited during the present season for the deliberate purpose of tying up transportation and shutting off the market for farm produce. By this means the transportation of farm machinery will be stopped, the movement of seed grain and other necessities of farm work would be curtailed and the storage and sale of butter, eggs, live stock and all other food products would be stopped. This action just at season when the movement of milk, eggs, meat and food products from the farms is at its height; when the storage warehouses are being filled, would thus increase the high cost of living and make the situation more and more intolerable.

The Dastardly Plot It was the plan to continue these strikes, bringing on the biggest and most far-reaching in the fall, for the direct purpose of tying up the movement of wheat after harvest, and of forcing the situation to a climax when the payment of post-war gratuities and deferred pay to returned soldiers would have ceased. Thus a situation would be created where hungry, desperate men would be ripe for any trouble, and in the minds of these leaders, a social revolution could be carried out at a stroke, setting up their Russian Soviet form of government in the place of the British Constitution.

Winnipeg is now in the grip of the strike for the fifth week. The citizens of

What Are You Going to Do About It? this city, thoroughly aroused, are prepared to fight it out if it takes all summer. Our purpose in publishing this statement

is to inform and arouse you to the crucial state of affairs that is upon us. Only through this prompt and energetic action of the citizenship of Canada can the serpent of Bolshevism be thrown from our midst.

Union Jack or Red Flag Mr. J. B. Stacey, M. P. for New Westminster, B. C., voiced the firm conviction of the citizens of Winnipeg when he stated in Parliament, June 12th:

"The one great thought in the West is whether the Union Jack shall float over Canadian cities or the Red Flag of Revolution." In the opinion of the Citizens' Committee of One Thousand in Winnipeg, similar committees should be formed in every city and rural community in Western Canada and a sustained, vigorous and firm campaign of education carried on until the whole country realizes the danger it faces and forces the skulking revolutionist out of our midst.

We Ask the immediate linking-up of the similar Citizens' Committees already formed in the cities from the Lakes to the Coast.

We Suggest the organisation of Citizens' Committees in every city and rural community.

We Urge the representatives of every Citizens' Committee existing, so formed, to write at once to us so that an organized, systematic association of Loyal Citizens may be created for our mutual safety, the preservation of Law and Order, justice and constitutional government.

MANY SONGS DIE AS SOON AS THEY ARE HATCHED

Reasons Why Some Song Writers Fall in Attaining Much Popularity

If every one or nearly every one of the songs submitted to the music publishers in Canada were to be printed and passed by the public, we would have built up a fine Canadian poetry and melody industry. But many of the fondest hopes of an amateur composer never reach the printer's hands. It is generally known that there are numerous productions of merit from the pens of Canadian song writers but it is at the other side of the fence that this article is to be a song.

A certain party not long ago submitted a lyric of some seven stanzas, which if set to appropriate music would be bound to create the sensation of the track. We have the composer's own words for this. "This song hit was offered to one of the publishers to be printed for \$400 and I was offered the 'privilege' of reading over the lyric you will understand why the publisher could be so bold as to offer me a money making machine like that. The poem sounded like a school boy's first composition, though it did rhyme, that must be acknowledged."

Another person who had been moved to submit a song to paper who was out in a small Ontario town would not even entrust her manuscript to the publisher's hands. She took it to the publisher in person, arriving at the office breathless from hard hurry.

Keeping the Band Instruments Clean

More wind instruments are ruined by negligence as to cleanliness than by accident. Accumulation of dirt on the interior greatly impairs the usefulness of brass instruments by making them difficult to operate, hard to blow, and by throwing them out of tune. Saliva contains highly destructive properties and if allowed to remain in an instrument will eat its vital parts away with astonishing rapidity.

Young bandmen should be taught to give their instruments a thorough cleaning as often as once a week at least. Brass instruments should be cleaned more frequently if they are used daily practice. Also, the instrument must be kept dry before commencing the daily practice. Also, the instrument must be kept dry before commencing the daily practice. Motion picture patrons love a fighting picture, be it a fight of physical or physical, and "Once to Every Man" has been pronounced a picture "all right."

Miss Withee, when approached by the Paramount Amusement Corporation was loathe to appear in pictures, but after reading the story, she was finally prevailed upon to assume the heroine's role in this production.

GERALDINE FARRAR HAS MANY
OPPORTUNITIES FOR DRAMATIC
WORK IN "THE STRONGER VOW"Grand Opera Prima Donna Will Appear at the Allen Theatre Next
Wednesday in Play Whose Scenes Were
Laid in Spain

An Apache den is the scene of many thrilling incidents in Geraldine Farrar's newest cowboy picture, "The Stronger Vow," to be shown at the Allen, next Wednesday and Thursday. The set represents a large basement room in the Montmartre quarter of Paris, serving as a meeting place for a desperate band of evil-doing French anarchists, of which Ferdinand Duval, (Tom Keen) is the leader. There is a double purpose in introducing himself with men who ask no questions when charged with the task of killing those who stand in their way. He is allowed to Paris Dolores de Camino (Geraldine Farrar), a distant cousin whom he covets. Before the French anarchist band can slay the brother Juan, a slim youth, who resented Duval's slaying his sister, the result of her infatuation for Juan (Eduardo Gironi), a stranger, whom she met at a gala dance festival at Madrid.

There is sufficient evidence to prove that the murder of Juan is the work of the handsome, stranger, a member of the Euzell family, which has been at war with the Cidones for almost a century. No convincing motive story, but Dolores takes the blood vend and sets out to find the murderer of her brother. The day of the murder Juan leaves behind by order of the Spanish Minister of Justice to resume his post at the embassy in Paris. The murder of Juan's sister proves fatal to his mother and Dolores leaves on her expedition to avenge the murder. Again she meets the handsome stranger, who has become the Marquis de Valera. He resumes his suit for her hand and a month later they are married. "The Stronger Vow" is a picture of a month later they are married. shocked by news of the wedding, seeks out Dolores to inform her that she is the bride of the man who murdered her brother. Dolores learns that she believes the story, but when she takes no action in accordance with her blood vend, she is seized by men of Juan's band and dragged to their den. How she frees herself and her husband, who has come to her rescue, furnishes one of the climaxes of "The Stronger Vow."

CHAMPION JAZZ
DRUMMER WILL
BE AT PANTAGESZiegler Sisters and George Dan-
nerl Act Vaudeville Head.

One of the best music and girl acts ever presented in vaudeville by Geo. Dannerl, one of the original stars of "The Ziegler Girls," will headline next week's Pantages vaudeville bill. The studio "Girls" is not only a tune-fest concert band, but it has a well-defined story, which combined with the lavishly scenic and musical production of its kind in some time.

Georgie Dannerl, who has been present a great variety of dances, and are assisted by a jazz band which contributes not a little to the life of the act. One of the members of the jazz band is Ralph Ruler, original jazz drummer for Sophie Tucker, the Mary Garden of vaudeville. He is the chap who won the most prizes in the last in contests calling for the best jazz drummers. The late Vernon Castle engaged him for two years when he came to America a few years ago. He was the first drummer in a public restaurant and cafe and convinced the patrons that a drum, when played in the right manner, was not such a noisy instrument after all.

Dorothy Waters, a tiny Winnipeg girl who has created a very favorable impression with theatre patrons will contribute songs and impersonations to the program. A distinct novelty in vaudeville acts is offered by Ben and Eddy who call their act "The Soda Fountain." Creamer, Barton and Spaulding are exponents of song, talk and dance, and Rose Valdez is a double-voiced songstress.

"THE TEST OF HONOR" PROVIDES
FINE ROLE FOR JOHN BARRYMORE
WHO WILL BE SEEN AT THE ALLENPopular Paramount Star Has a Role of Exceptional Heart Interest
—Takes Part of Convict Who Was Betrayed
by a Woman

The new Paramount picture, "The Test of Honor," affords John Barrymore many dramatic scenes and incidents which might have been written especially for him so well do they suit his individual type of acting and characterization. The picture will be displayed at the Allen theatre next Monday and Tuesday.

In one scene it was necessary to show an assassin in the hall waiting for Barrymore is serving time for an alleged murder which he did not commit. A large, muscular actor was engaged for the part and John Barrymore himself attended to the make-up on his future assassin.

I know the sort of a "once that would give me the creeps in the dark, but I put that face on him," he said.

A few hours later the actor was brought down before the director for inspection, and one and all agreed that the face which peered out before a dim light, the camera, regarded its hideous grimace, was absolutely the most frightful apparition that could possibly be imagined, and that nothing less than a lower and more pie could produce a face like that.

"The Test of Honor" is an admirable picture of a man, the Marquis de Valera, who is a great actor, and for the first time since Barrymore has a strong dramatic role. He is splendidly supported by the cast, which includes Constance Binney and Maudie Hagan having the leading feminine roles. Others in the cast include Robert Schable, J. W. Johnson, Blagden Cooper, Ned Hay, Alvin Alken and Fred Miller.

Tom Moore with a child in his Goldenwyn pictures means as much to some thousands of people as Chauncey O'Leary ever did when carrying to a crowd of youngsters in his Irish play. He is old now, three Emerald Islanders take to children, and how children take to them. Goldwyn knows that if you don't happen to be in the secret of Tom Moore's popularity with children and their real fondness for him it is no accident, nor is it due to the resourcefulness of the scenario writer or the skill and sympathy of the director. It rests with Tom Moore himself.

There's a child in "One of the Boys," his newest Goldenwyn picture, to be shown at the Allen theatre next Friday and Saturday, and her name is "Peaches" Jackson. She has a real chance to make a name for herself on hand to serve as an excuse for Tom Moore to display his winning way with lots in general. "Peaches" draws, the child of a "freak," created by Larry Moore (Mary Jane's) and a terrific policeman. Later Larry and his mother give the child a home and the picture daily blessing and the child's idealism which reflects themselves in the policeman's home, that protect him when he needs it most. Who knows? Anyhow, Tom Moore believes in asking a blessing when he seats himself at a table.
